Volume 165, Part 1, January 2008

Specials

Stone, P. Richards, P. C., Kimbell, G. S., Esser, R. P. & Reeves, D. Cretaceous dykes discovered in the Falkland Islands: implications for regional tectonics in the South Atlantic

Research articles

Piccardi, L., Monti, C., Vaselli, O., Tassi, F., Gaki-Papanastassiou, K. & Papanastassiou, D. Scent of a myth: tectonics, geochemistry and geomythology at Delphi (Greece)

Le Heron, D. P. & Craig, J. First-order reconstructions of a Late Ordovician Saharan ice sheet

Esmehedde, E. V., Lykke-Andersen, H. & Surlyk, F. Interaction between bottom currents and slope failure in the Late Cretaceous of the southern Danish Central Graben, North Sea

Shellock, S. C., Jones, K. A. & Park, R.G. Grenville-age pseudotachylite in the Lewisian: laserprobe 40Ar/39Ar ages from the Gairloch region of Scotland (UK)

Lane, N.F., Watts, A. B. & Farrant, A. R. An analysis of Cotswold topography: insights into the landscape response to denudational isostasy

Musumeci, G., Mazzarini, F. & Barsella, M. Pliocene coastal shortening on the Tyrrhenian side of the northern Apennines: evidence from the Gavorrano antiform (southern Tuscany, Italy)

Olivier, P., Guizza, G., Paquette, J-L, Muñoz Sáez, C. Structure and U-Pb dating of the St-Arnac pluton and the Ansignan charnockite (Agly massif): a cross-section from the upper to the middle crust of the Variscan Eastern Pyrenees

Konopáska, J., Koller, J., Tašmanová, L. & Ulrich, S. Neoproterozoic igneous complex emplaced along major tectonic boundary in the Kaoko Belt (NW Namibia): ion probe and laser ablation ICP-MS dating of magmatic and metamorphic zircons

Talukder, A. R., Bialas, J., Klaeschen, D., Bruckmann, W., Ristow, T. & Petersen, J. Tectonic framework of the mud mounds, associated BSRs and submarine landslides off shore Nicaragua pacific margin

Jay, A. E. & Wisdomson, M. Stratigraphy, structure and volcanology of the SE Deccan continental flood basalt province: implications for eruptive extent and volumes

(contents continued on inside back cover)

Subscriptions: All correspondence relating to trade subscriptions should be addressed to the Journal Subscriptions Department. Geological Society Publishing House, Unit 7, Brassmill Enterprise Centre, Brassmill Lane, Bath, UK, BA1 3JN (tel 01225 445046; fax 01225 442836; e-mail: sales@geolsoc.org.uk). The subscription prices for 2008 to institutions and non-Fellows is: JGS Current £640 (UK), £729/$1458 (overseas); JGS Plus £790 (UK), £899/$1758 (overseas). More information about subscription options can be found at http://www.geolsoc.org.uk/JGS.

Editorial correspondence and material submitted for publication: see inside back cover.

The Geological Society of London was founded in 1807. It is the oldest national geological society in the world and the largest in Europe. It was incorporated under Royal Charter in 1825 and is Registered Charity 210161. To find out about the Society and how you can join, please visit our website at www.geolsoc.org.uk or e-mail enquiries@geolsoc.org.uk.
